

CHINA STUDIES MINOR

Overview

The China Studies Minor is an interdisciplinary minor designed for students with an interest in China. The minor consists of courses selected from multiple disciplines such as Asian studies, modern and classical languages, history, philosophy, business and economics, international relations, political science, and religious studies. China Studies minors may focus on China as a country or as part of the East Asian region. Minors may wish to build clusters of courses focused on specific disciplines.

Requirements

Coordinator, Rose Wang
