

# SPANISH MAJOR

## Overview

**Coordinator,** Stephanie Gates

The Spanish major helps students develop their language abilities and explore the rich variety of histories, cultures, and literatures of the Spanish-speaking world. Whether traveling or studying abroad or interacting with neighbors in the United States, students in the Wheaton College Spanish program benefit from

- A program focused on linguistic and intercultural skill-building in a distinctly Christian liberal arts framework
- 50+ Spanish course offerings each year
- A community of learners that come from over 30 different countries and states
- Immersion study abroad programs in Mexico, Central America, and Spain
- The opportunity to use bilingualism in contexts like healthcare, education, ministry, business, social services, and government and legal settings.

Spanish majors at Wheaton learn the forms and functions of the Spanish language, understand native speech and writing, and learn to communicate creatively and comprehensively in Spanish. From grammar, composition, and conversation courses to courses on history, culture, literature, and teaching, the Spanish curriculum allows students to fully grasp the Spanish language and culture.
