The following elective fields are available:

- Biblical and Theological Studies
- Business
- Christian Formation and Ministry
- English
- Media
- Philosophy
- Pre-Health Studies
- Pre-Law Studies
- Psychology
- Theater
- Third World Studies
- Urban Studies
- Alternate Field

Pre-Health Studies

Note: This degree track is designed for students who are interested in pursuing post-graduate studies in medicine, dentistry, and other health-related fields. Meeting the requirements for this degree does not guarantee that students will meet the prerequisite course requirements for all medical schools. The "Elective Field" courses listed below include most of the courses required for entrance to medical school and recommended as preparation for the Medical College Admissions Test (MCAT). However, students will also need to add Physics to their academic plan at some point prior to taking the MCAT. Other courses that students should consider taking include Biochemistry, Psychology, Sociology, and Statistics. Some courses may count toward the General Education requirements (Thematic Core). Students are highly encouraged to consult with the Director of Health Professions early in their academic career in order to understand the medical school admissions timeline and receive help with course planning.

Elective Field: Alternate Field

Select 24 credits with the guidance of an academic sponsor ¹	24
---	----

¹ With the guidance of an academic sponsor, usually the student's advisor, an Alternate Field can be devised to satisfy specific degree objectives. The design of this degree depends on student initiative and thorough consultation with the advisor and faculty representative(s) from the department(s) representing the Alternate Field. The courses selected must be thematically congruous and reflect the ideal of a coherent, integrated whole. Applications for the Alternate Field degree are available in the Conservatory Advising Center, Armerding 217. The student's advisor, the Conservatory Director of Academic Studies, and the Department Chair of the appropriate departments approve each Alternate Field degree application.
